

Gabriel Morris
Full-stack Developer

+972 58 590 2133 | morrisgaby987@googlemail.com | <https://github.com/view4>

Technical Skills

Languages: JavaScript, ES6, Python, Java, SQL.

Technologies: HTML, CSS, Responsive design, Ajax, OOP, Git, Web server, Heroku, Firebase

Libraries/ Frameworks: React, React-Native, Bootstrap, Bottle, Django, Flask, React-Redux, Expo.

Education

2019 | Israel Tech Challenge (ITC) Coding Bootcamp

A market leading intensive Full Stack Software Developer training program. The program encourages self-led learning, as well as teamwork, whilst incorporating the industry's best practices. Prior to the program I had a year of self-driven learning in the web development field, within which I covered countless hours of content from MIT openCourseWare, freecodecamp and codewars, enabling me to be fully prepared and to get the most from the program.

2014-2017 | Biomedical Sciences; 2.1 | Newcastle University

Modules studied include Statistics, Genetics, Nervous System and Anatomy.

2006-2011 | Secondary School | JFS School

A-level grades achieved; Biology - A, Chemistry - A, Mathematics - A

AS-Level grades achieved; Physics – A

Professional Experience

2019-2020 | Developer

Freelance

- Gained exposure to different technologies by working on a variety of different projects. This role showcases my ability to independently work and learn new technologies. Projects include working on mobile apps with React Native and creating professional websites.

2019 | Full-Stack Developer

Fleetonomy

- Role included building and implementing new features within the large-code infrastructure, working on front-end and back-end tasks. Such tasks included working with API endpoints, creating 'periodical tasks' and adding features to their existing dashboard; from small components to a whole new pages.
- Gained practical experience writing very good quality code, managing workload with sprint methodology and working with a professional team on a large project. I worked closely with React, Redux, Flask and varying microservices.

2018-2019 | Bartender/Waiter

The White Hart

- Part of a vibrant, talented and intimate team, who helped with client-facing aspects of the pub.
- Improved communication, teamwork and problem-solving skills, whilst working in a high-pressure environment.

2013-2014, 2016 | Distributional Assistant

The Diamond Store

- Responsible for the distribution of jewelry products along the supply chain for an award-winning jeweler, whilst gaining exposure to other aspects of the company's operations.
- Gained a strong degree of professionalism alongside good time management and organization skills.

Extra-curricular

- 2014 | First-Aid Responder, Magen David Adom; Trained in first aid, dealt with serious medical situations in a high-pressure environment. Operated in Hebrew, treated and volunteered with Israelis.
- Literary writing; writing is one of my favourite joys, I enjoy writing about religion, philosophy, society and more. Writing is a great means to explore thought, whilst simultaneously expressing oneself in a free manner.
